Driving licence

## SKILLS

**Front-end**
TypeScript, React, TanStack, React Native, Tailwind

**Back-end & data**
Node.js, Bun, PostgreSQL, Drizzle, Redis, Rust

**Cloud & DevOps**
Cloudflare, AWS, Docker, Kubernetes, Terraform, GitHub Actions

**AI**
Claude Code, Codex, Multi-agent, MCP, AI SDK

**Monitoring & security**
Grafana, OpenTelemetry, Sentry, mTLS

**Video & payments**
FFmpeg, HLS, Stripe

## LANGUAGES

**French**: native
**English**: professional

## SUMMARY

Cloud-minded full-stack developer. Four years building streaming platforms at Syloe Group, working daily with AI coding agents.

## WORK EXPERIENCE

### Full-Stack & Cloud Developer (work-study)

**Syloe Group** | January 2023 – October 2026
Media and entertainment group · two-developer team

**TribuShare** (2025 – 2026) – Film sales and streaming for independent filmmakers, live in production

- Lead developer of v1 and v2
- Payments and payouts with Stripe Connect
- In-house HLS video encoder on AWS Batch, replacing Gumlet
- Migration from AWS to Cloudflare Workers

**Tribiew / New Road** (2023 – 2025) – Interactive web-series streaming, 900+ beta sign-ups

- React website, React Native app and back office
- Gamification, Stripe payments, AI moderation
- AWS infrastructure in Terraform, CI/CD with GitHub Actions

**Other group projects** (2025 – 2026) – Prototypes and websites for other brands

- Lanterna: encrypted offline film player (Rust, Tauri)
- Shipped websites to production on Cloudflare

## PROJECTS (YNOV)

- **Zero-trust on Kubernetes** – Every service proves who it is (Kubernetes, SPIRE, Go, ArgoCD)
- **FrameForge** – Resilient video encoding (Kubernetes, FFmpeg, Docker)
- **Distributed chat on AWS** – Two servers, one conversation (AWS ECS, Redis, Terraform)
- **Full observability** – Metrics, logs and traces (OpenTelemetry, Prometheus, Grafana)

## EDUCATION

**Master's degree, Cloud, Security & Infrastructure** | 2024 – 2026
Ynov Campus Toulouse · Master's level, work-study

**Application Designer & Developer** | 2023 – 2024
O'Clock · Bachelor's level, work-study

**Computer Science, first year of Bachelor's** | 2021 – 2022
Université Toulouse III Paul Sabatier

**French Baccalaureate, Maths & Physics** | 2021
Lycée Jean Lurçat, Saint-Céré
